Steven Brantley please find enclosed is the information you requested on my financial obligations for the period between March 1, 2005 and April 25, 2007 a total of 25 months. Please note that these reports do not include personal costs such as clothing, food and gasoline. I also had some child care expenses, as you can see I could not even keep up with these bills. Please help me resolve this matter so I can move forward with this project. This is the fourth time I have mailed this information to the Patent office.
